About us

Our company was established in 1994... From the beginning of our business activity we have been cooperating with different countries of Western and Southern Europe, mostly with Germany, The Netherlands, Belgium, Austria and Czech Republic, where about 90% of our products is delivered.

In order to protect natural environment, we have obtained FSC® Certificate. It confirms that wood used comes from forest resources, where the principles of Good Forest Man

agement are fulfilled. That is why all our products which are made of wood can be sold with the FSC® Certificate. More information about FSC®: www.fsc.org.

Every year we try to extend our offer and we aim at making "VENT" one of the most competitive companies on the Polish market of wooden articles.

Because of variety of combinations and diversity of products, we produce on individual order only. This gives us an opportunity to match your expectations and our means. An individually created design, together with local manufacturing from scratch, gives us countless possibilities of creating new products and modernizing those already existing.

Within our whole range of products, we would like to draw your attention to the folding saw horses, which are our main product on offer from the beginning of the existence of the company. The folding saw horses were the first ones to have enter the Western markets and are also constantly present in our local markets. In order to meet your expectations, we have started the production of wooden plant rollers.

This product attracts the interest, and the interest in the products is constantly growing. We make our best to include a very wide variety of assortment of wooden products to make our offer competitive on the trade market. Apart from that our highly qualified staff, will make every effort to meet your requirements.

VENT - reliability, punctuality and perfection!

Racks

<http://www.vent.com.pl/en/contact> Natural pine shelving is an attractive, low cost shelving system which can be configured in different ways, creating unique storage solutions for home, shop or office. We offer wooden racks in two basic variants: „BASIC” and „HD”. They are made from ecological, untreated coniferous wood and include screws for simple self-reliant assembly. 9 or 12 cuts on legs enable free regulation of shelves position. Available additional parts: wine shelf, additional shelf, additional corner-shelf, mobile storage crate. Shelves are open or closed. We offer also shoeracks.

Racks "Basic"

Wooden rack 1700x800x400mm with 4 or 5 shelves, made of coniferous wood. Legs from slat 70x15mm. Shelves size: 380x380mm. 12 cuts enable free regulation of shelves position. Each shelf has 80 kg of maximum load. Mounting of the rack is easy and all necessary screws are included in each set.
